

▶ Enhancing Your Career

Are you interested in enhancing your career with an overseas placement?

The **Australian Medical Association (WA)** and the **Severn Deanery UK** are working together to provide newly graduated UK General Practitioners with an opportunity to undertake a six month placement in Western Australia.

The placement is expected to commence in early 2014 and would offer a range of professional development opportunities to enhance your skills including:

- > **Clinical experience in Indigenous health, emergency medicine, advanced procedural skills, obstetrics, anaesthetics and tropical medicine**
- > **Educational and professional support and mentorship**
- > **Involvement in the training of GP Registrars**
- > **Involvement in guided project work and/or research in primary care with publication of results**

To be eligible to apply you will need to demonstrate a commitment to the following values:

- > **Learning and excellence in general practice**
- > **Teaching of medical students**
- > **Care of patients**

Successful applicants would be expected to be ambassadors for the medical profession and to promote and embrace this professional development opportunity.

Minimum guaranteed salary of \$3,000 per week with the opportunity to earn significantly more based on a percentage of private billings.

Accommodation and vehicle may be provided for successful rural placements at a subsidised cost dependant on the placement.

Assistance will be given to applicant spouses/partners seeking employment during the term of the placement.

Enhancing your Career
